SKULL
COLLECTION

TRAVIS BARKER is a world-acclaimed musician, writer and producer based in Los Angeles. As part of Blink-182, he is regarded as one of the most influential drummers of our time. Barker's work as a prolific collaborator and producer has seen him work with artists including Post Malone, Machine Gun Kelly, jxdn, and Young Thug, blurring the lines between hip hop, rock and punk.

BUSTER + PUNCH is the disruptive, home fashion label with its roots in custom motorcycles and London's sub-culture scene. Formed by renowned architect, Massimo Buster Minale, the brand references the attitude and fluidity of fashion, music, interiors, and the vibrant energy of Britain's capital. Using rare solid metals and precise engineering, Buster + Punch transforms everyday objects into extraordinary home and life details.

Travis and Massimo poured their blood, sweat and styles into a collaboration that blurs the lines between music, fashion and interiors. The skull collection is built from sand + investment cast solid metals, and hand finished to ensure no two pieces are the same.

Next time you tune your drums, close the door or turn on the light, you may feel like a Rockstar.

"I've been obsessed with skulls forever – from the first time I saw artists like Pushead, who put skulls on the Misfits and Metallica albums, and Zero skateboards back in the day. I've always loved them, they scream rock 'n' roll, they scream danger and poison. Skulls stand against everything, so to present them in a way like this and take it to a new level is special."
